Day Tripping - December 2022

This month, because of the cold weather, holidays, and our busy schedules, we will do a stay at home day tripping. There are several resources available for exploring the Pocono Mountain area. One of them is the Pocono Mountain magazine. This is an hour long video sent out each month via your email. They highlight various happenings, businesses, places to visit in the Pocono Mountains. I have learned about business, events, and just overall interesting information about the Pocono Mountains. These are produced through the Pocono Television Network.

Along with the monthly video, the Pocono Mountains Visitors Bureau also sends out emails highlighting the up-to-date exiting events, contests, and travel information. This includes places to visit, light shows to see this time of year, and much more.

You can sign up for the magazine and e-newsletter at https://www.poconomountains.com/plan-your-vacation/e-newsletter-sign-up

May you all have a very Merry Christmas and a fantastic New Year.
